Light of Stars (and the Destroyer) por Sanguis

Una historia muy conmovedora escrita con muchas figuras retóricas que enriquecen la lectura en la que WWX y LWJ son prometidos en matrimonio tras la guerra y se casan aún sin saber si el otro corresponde a sus sentimientos. Me gustó mucho la temática del poder elegir y cómo se complementa con la historia de la madre de LWJ. También me pareció muy genial que se conservaran tantos elementos del canon y se mezclaran con la trama original de forma tan sutil. Excelente romance.

Symmetry by Vir_Abelasan

En esta historia Sizhui busca venganza contra Jlang Chen por traicionar a su padre. Ha sido criado por WWX pero igual muere una década después. Me gustó mucho que Sizhui fuera despiadado y manipulador, pero igual tuviera un sentido de la justicia hacia los inocentes. Hay un tema muy grande frente al luto y permitirse llorar a los muertos que se hace presente a lo largo de la historia que la hace más desgarradora (casi lloro cuando LWJ se rompe ante el altar de WWX). Muy buen final, buena ejecución, excelentes diálogos.

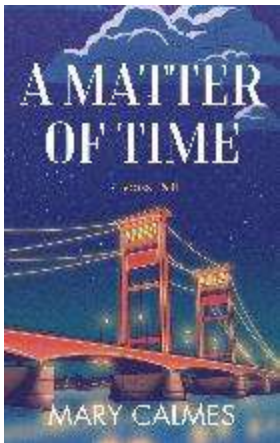

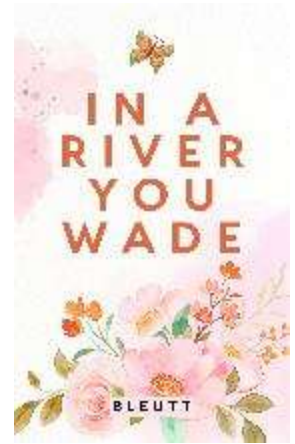

secrets for the stars to keep by UchiHime

Me encantó que fuera una historia más centrada en la capacidad de sanación de WWX que en su trauma, el cual me pareció bien manejado también. Hubo una buena caracterización de personajes: amé a LWJ y su infalible lealtad y amor incondicional. Hubiera sido perfecta si el final no se hubiera sentido apresurado, pero de resto fue genial.

in a river you wade by bleuett

Mpreg done beautifully. LWJ queda en embarazo antes de la muerte de WWX e igual azotado por su familia, pero antes de que sea fatal, su propio cuerpo se revela y logra detener el castigo. Recuperándose y a cargo de Sizhui, debe intentar balancear ser padre y vivir con la muerte de WWX en su corazón.

Esta historia me pareció supremamente triste al inicio porque podías sentir la desolación y tristeza de LWJ mezcladas con el amor por sus hijos. La maternidad y sus complejidades fueron fundamentales para hacer sentir real y dura a esta historia, pero esperanzadora al mismo tiempo. Amé a LXC y me gustó la redención de LOR. WWX tuvo una aparición corta y medio agrisado, pero él nunca fue el foco de la historia en sí.

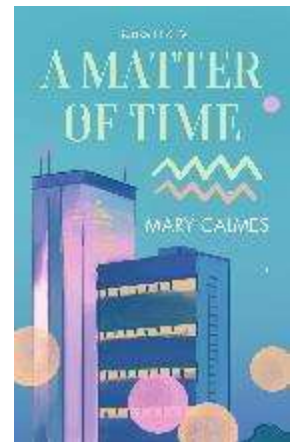

A Matter of Time Vol I., II by Mary Calmes

Aunque me gustó mucho el primer libro, siento que esta historia es un desastre en relación con los personajes y la relación que tienen. Jory es como un imán de hombres y todos quieren con él y Sam es *idk* un tipo que no respeta el espacio de los demás.

La historia está plagada de expresiones y situaciones heteronormativas ofensivas, en especial por parte de los padres de Sam y estas son tratadas como si fueran normales.

Creo que la única "pareja" que tenían sentido para mí era Jory/Dane y eso resulta súper irónico porque ni siquiera son pareja. Dane es el único personaje que realmente respeta a Jory y no está obsesionado con él. La relación de ambos tenía mucho más sentido y aunque no me molesta que tuvieran una relación platónica y terminaran viéndose como hermanos, creo

que hubiera sido mucho más satisfactorio e interesante una exploración de ellos como pareja romántica.

En general, fue una historia ridícula y hasta ofensiva. Me hace replantearme la serie *Change of Heart*, si fue tan buena como yo la recuerdo o una basura o si es que la autora creció más como escritora y creó una historia mejor.

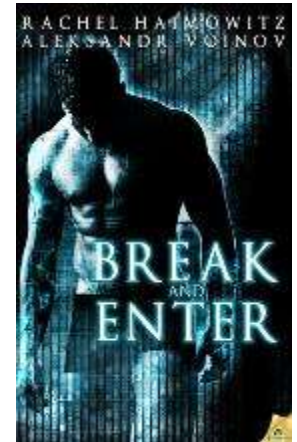

The Dragon's Roar by The_Priestess_of_Grove

Absolutamente amé esta historia, me encantó que sea *time travel* pero también que los personajes fueran más brutales que en el canon. Especialmente disfruté a Jaime súper feral. Me gustó también el acercamiento que se hace al romance y cómo se hace un gran énfasis en que ninguno es la misma persona que era antes. A veces parecía que había demasiado conflicto y muchas tramas, pero supongo que se sentía así de largo porque la historia está comprimida en un sólo archivo, aunque se hagan referencias explícitas a los distintos arcos. Aun así, 5 de 5.

Break & Enter by A. Voinov, R. Haimowitz

Me dejó un poco indiferente, para ser honesta. Es un poco confusa al principio por tanto término tecnológico y medio futurista, pero a medida que vas leyendo se hace más entendible. Es bastante corta, pero encuentro que, considerando lo compleja que es la trama, el número de páginas es adecuado. Me gustó que tuviera espacio para que la relación de los personajes se desarrollara, aunque fuera un poco, pero sí siento que se necesita una continuación para poder entenderlos más porque al final era difícil conectar con ellos o que me importara realmente su relación.

The Crimson Moth – Kristen Ciccarelli

Me gustó mucho la apuesta de la trama, es bastante original. Los personajes estaban muy bien contruidos y con objetivos definidos que nunca dejaban de lado. El romance estuvo bien desarrollado, fue lento pero constante. Sí quedé como “wtf?” con el final porque pareciese que lo que se construyó (en términos del romance) básicamente se destruyó, así que no sé bien qué irá a pasar en la segunda parte, pero en general me pareció una historia consistente con un buen ritmo.

Intriguing – nirejseki

Esto sí que fue un crack total que me divirtió un montón. Siempre es genial ver a NHS usar sus habilidades manipuladoras para el bien (su propio bien, pero así es él). Lindo e inesperado que también tuviera un *time travel* pero hecho de una manera tan ingeniosa y distinta que ni siquiera fue el foco de la historia principal y además contribuyó al ambiente cómico de la misma.

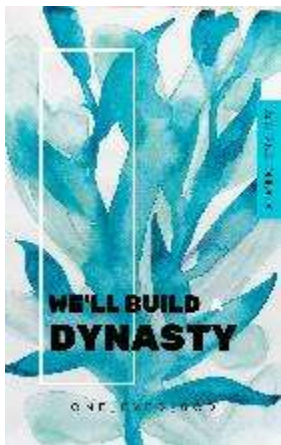

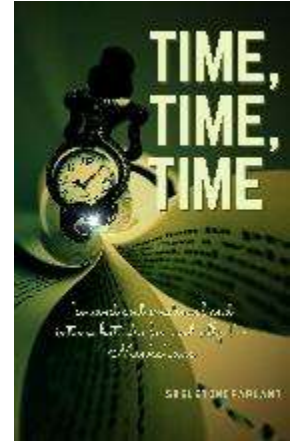

with best intention – dandelion_weed

El POV de NMJ fue interesante, sobre todo por toda la retrospectiva que traía. Me gustó que lentamente se enamorara de WWX aunque si es bien raro que LWJ no fuera un protagonista o personaje relevante para la trama. Me gusta pensar que, aun así, van a desarrollar un poliamor en el futuro y que eso los hará fuertes y felices, sobre todo con ese final de WWX dándoles a ambos la oportunidad de ganar su amor, suena a desastre emocional con final feliz a la distancia.

Time, Time Time – skeletonofaplant

Esta historia fue un daño emocional, sobre todo al final con JL cocinando la sopa de JYL a sus tíos. Me parecieron enternedoras todas las escenas de los juniors con estas versiones pasadas de gente que no pudieron conocer o que estaban completamente rotas. Me dolió que LSZ no quisiera ver a su familia biológica, pero es que hacerlo le hubiera roto el corazón incluso más, como me pasó a mí. Daño emocional, repito. Re triste todo.

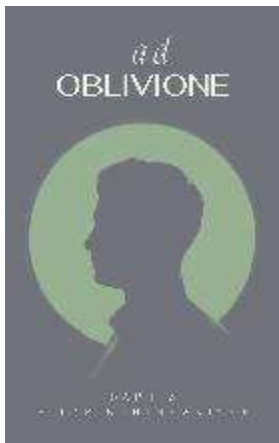

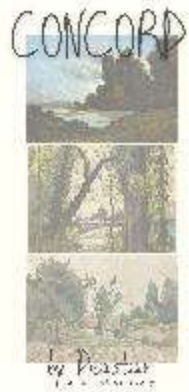

We'll Build a Dynasty – One_eyed_God

Excelente historia de viaje en el tiempo contada desde la perspectiva de todos menos el viajero. Darles sentido a todas sus acciones, aunque caóticas, ayudó a mucha gente a cambiar por completo. Me gustó la amalgamación de otros *tropes* como “WWX es un Wen” y “WWX, líder de secta” porque le da una pizca de interés, pero sin ser realmente el foco total. En el ámbito político la historia estuvo muy desarrollada, también.

Me gustó que el “Jiang Bashing” no se extendiera a JYL, algunos suelen olvidar que ella es una mujer débil, físicamente, en un contexto misógino donde esa debilidad percibida es un obstáculo que incluso le impide hablar por sí misma y que las únicas veces en que lo ha hecho ha sido en defensa de WWX; fue una sorpresa también que terminara con LXC, pero me agradó la pareja. En general, una historia muy bien armada.

Concord – Deastar

Lloré como quinientas mil veces con esta historia. Ver cómo la luz de WWX se apagaba por culpa del Clan Lan y cómo LWJ no entendía lo que su esposo necesitaba por encima de todo—apoyo, bebé, ¡apoyo!—fue súper desgarrador. Esa última escena en la que WWX está dispuesto a dar su vida porque es la única forma en que puede ser útil para su secta y su esposo me puso a llorar. Ah, y LWJ con su “¿me haría mi esposo un favor?” y pedirle que le dijera una y otra vez que lo complacería y lo haría feliz... dios, mío, mis ojos. 10 de 10, *fr*.

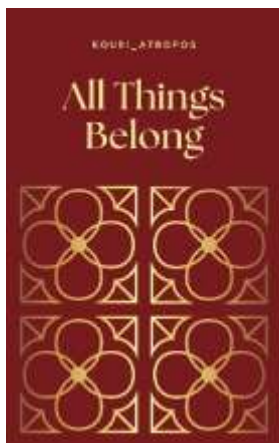

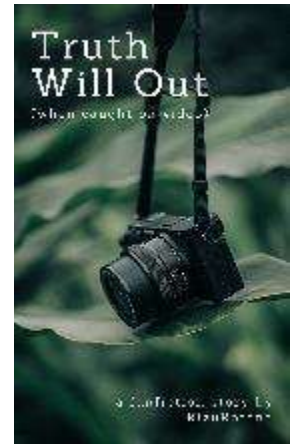

Ad Oblivione - Baph, HikariNoHimeWriter

Amo las historias donde hay mucho lugar para ser crítica del mundo de la cultivación y su clasismo. Esta, en especial, me pareció interesante por eso, pero lo que definitivamente me vendió con esta historia es que a pesar de que una cree que WWX es el viajero en el tiempo, al final te das cuenta de que no es así y que fue la ambición, el odio y el prejuicio de las mismas sectas que llevó a un mundo donde el aparente villano ya no lo es más (porque nunca lo fue) y, además, el héroe virtuoso se ha convertido en un tipo rencoroso y malvado, dispuesto a sacrificar inocentes por su comodidad. Una historia muy buena que me sorprendió hasta el final.

Truth Will Out (when caught on video) – Kizukatana

No soy de leer AUs modernos en este fandom porque me suelen parecer bastante aburridos, pero este me gustó mucho precisamente porque tiene los elementos fantasiosos del mundo de la cultivación pero adaptados al siglo XXI y sus avances tecnológicos y eso me pareció genial.

Amé el Jiang Bashing a Yu Furen y la resiliencia de WWX frente a un futuro que parecía completamente negro e incierto para él.

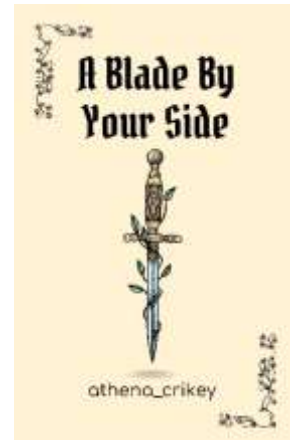

All Things Belong – kuroi_atropos

Es universo alternativo, WWX es reclamado como nieto por WRH. Se exploran temas como el poder, el afecto posesivo y la necesidad de pertenecer, todo envuelto en una atmósfera de lujo, manipulación y tensión emocional constante.

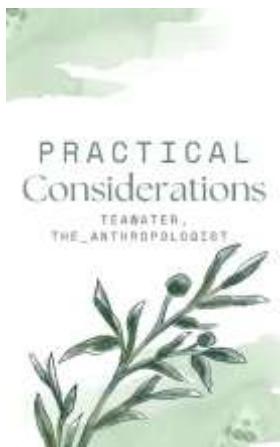

La historia se toma su tiempo para desarrollar los vínculos entre los personajes, en especial la forma en que WRH va envolviendo a WWX con gestos de cuidado, halagos y promesas, mientras debajo de todo late un control absoluto. Es un relato que mezcla ternura con inquietud, donde los gestos amables siempre esconden otra intención. Una lectura atrapante que deja al lector preguntándose hasta qué punto uno puede sentirse querido... y a qué costo.

A Blade by Your Side – athena_crikey

En esta historia ambientada en un universo imperial WWX es forzado a casarse con el Emperador LWJ tras una guerra devastadora. Lo que comienza como una alianza política y una unión estratégica, se convierte poco a poco en una exploración lenta y sutil de las emociones, los prejuicios y las heridas no sanadas de ambos protagonistas. La narrativa entrelaza con cuidado el drama de la corte, la intriga política y la tensión emocional, mientras los personajes se descubren mutuamente más allá de sus máscaras públicas.

El ritmo pausado y la riqueza en detalles construyen una atmósfera donde el amor se cuece a fuego lento, lleno de malentendidos, silencios y pequeños gestos que dicen más que las palabras. WWX brilla con su carisma habitual, pero también con una vulnerabilidad nueva que conmueve; LWJ, en cambio, oscila entre el deber imperial y una sensibilidad reprimida que lo desborda. El resultado es una historia íntima y elegante sobre aprender a confiar, incluso cuando el amor comenzó como una imposición.

Practical Considerations – teawater, the_anthropologist

Esta es una versión alternativa de los eventos posteriores a la Campaña Sunshot, en la que un matrimonio diplomático entre WWX y LWJ se convierte en la inesperada solución para protegerlo y, a la vez, consolidar alianzas políticas. La historia combina drama político, enredos familiares y una evolución emocional cargada de malentendidos, silencios y gestos que revelan más de lo que los protagonistas se atreven a decir. JC cumple un papel crucial como catalizador, no por cariño, sino

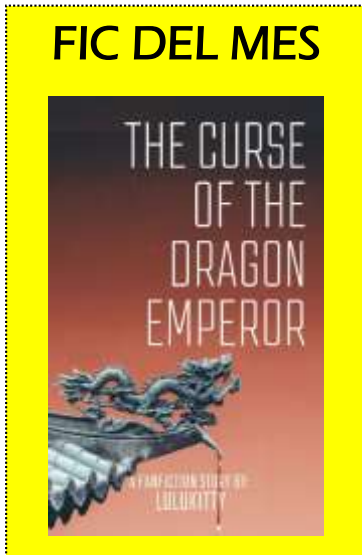

por desesperación y responsabilidad, lo que añade una capa ambigua al relato.

La narración se mueve entre el sarcasmo, la ternura y el resentimiento, y construye un universo donde el deber y el afecto chocan constantemente. Destaca la manera en que LWJ, con su habitual reserva, transforma el deber en cuidado cotidiano: una casa adaptada, comida favorita, y una paciencia silenciosa que contrasta con la confusión emocional de W/WX. Aunque el punto de partida es un matrimonio arreglado, la historia es, sobre todo, una exploración pausada del afecto ganado a pulso, de las heridas que todavía supuran, y de lo difícil que es aceptar ser querido cuando uno lleva demasiado tiempo viéndose como un problema.

my heart made transparent – wingsofbadass

Es una historia tierna y vibrante que traslada el universo de MDZS a un Japón noventero con estética de anime, humor juvenil y sensibilidad queer. Inspirada en *Ranma ½*, la historia reimagina a LZ como una chica trans que vive su transición gracias a una “maldición” mágica que le permite habitar su identidad femenina con alegría, dudas y deseo. Lo que podría haber sido solo una comedia ligera se transforma, a través de la relación con WY, en una exploración profundamente emotiva del cuerpo, el género y la intimidad.

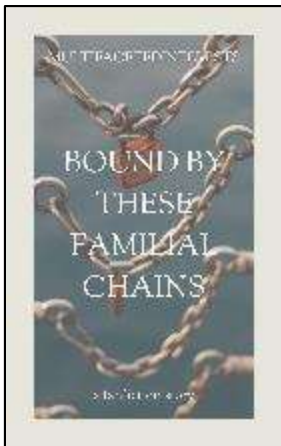

Con un tono cálido, divertido y lleno de referencias a la cultura pop, el relato se desliza entre el romance adolescente, los momentos de euforia corporal y las inseguridades propias del descubrimiento. La química entre las protagonistas está llena de ternura y tensión, marcada por pequeñas escenas cotidianas—una prenda prestada, una ducha compartida, una serie vista bajo las cobijas—que capturan con precisión el vértigo del primer amor y la validación profunda que puede ofrecer la amistad cuando se convierte en refugio.

to pierce your heart; to fill it full – stircide

Esta historia es donde la estética imperial y la magia estructuran un mundo complejo, inspirado parcialmente en *The King's Blades* de Dave Duncan. En él, Iwj, príncipe reacio y reservado, se ve forzado a vincular su alma a un Blade—una especie de guardaespaldas encantado—y es WWX, brillante, irreverente y poderosamente entrenado. El vínculo, que comienza como un pacto de protección forzado tras un intento de asesinato, se convierte en el centro de una relación llena de tensión, humor, ternura inesperada y juegos de poder emocionales.

Con un estilo narrativo rico y un worldbuilding denso, la historia combina drama político, erotismo sutil y un desarrollo emocional profundo, todo atravesado por la figura simbólica de la espada: como arma, como unión, como destino. WWX brilla por su carisma y desparpajo, mientras LWJ transita un camino de duda, deseo y contención. El resultado es una lectura absorbente, de ritmo pausado, que mezcla acción, afecto y deseo bajo la constante amenaza del deber, el poder y la lealtad. Una obra intensa y envolvente que se toma el tiempo para explorar cada rincón de sus personajes.

Bound By These Familial Chains – Multifacetedinterests

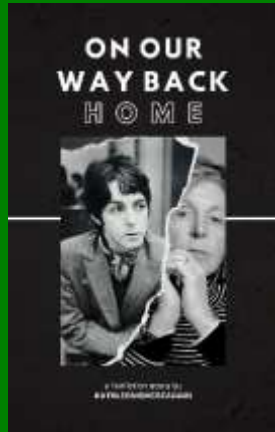

En esta reinterpretación de MDZS con tintes de fantasía épica, LWJ se embarca en una misión desesperada para salvar a su hermano enfermo, que lo lleva hasta el corazón de los Burial Mounds y al encuentro con una figura tan temida como fascinante: el Patriarca de Yiling, ahora un poderoso dragón ancestral. La historia mezcla elementos de mitología, drama familiar y romance contenido, explorando el peso del deber, el sacrificio y

los vínculos emocionales que surgen en medio del peligro.

La historia destaca por su *worldbuilding* detallado, su tono introspectivo y una tensión creciente entre lo que LWJ desea y lo que debe hacer. La figura de WWX: magnético, impredecible y profundamente tierno, irrumpe como fuerza vital en un mundo marcado por el dolor y la obligación. Con toques de humor, sensualidad y melancolía, el relato propone una versión alternativa del canon donde el deseo y la ternura florecen en los lugares más oscuros y donde el amor, como el resentimiento, también puede ser una forma de poder.
